Version 13.7

READINESS INSIGHT

Release Notes

January 14, 2022

Readiness Insight is continuously being improved and enhanced to provide the best product for you, our client. We provide regular updates which include improvements for performance and reliability. In addition to these **New Features**, we will include a list below of Readiness Insight **Fixed Issues** and **Improvements**. As a Readiness Insight client, your experience is very important to us and we provide this guide as an understanding of periodic changes.

For further information please contact our customer support through the support portal.

👍 **New Features**

- Added a new privilege for changing/deleting profile pictures
    - All previous users who had the ability to change/delete profile pictures will no longer have access. Administrators must add the new privilege in an existing role in order for certain users to have access.

Personnel > Person > Profile - Change Profile Image	Allow a user to change and delete Profile Images underneath the Personnel menu.

- Work Schedules have a new status of Invalid
    - In order to Invalidate a work Schedule you must have the new privilege

Schedules>Version>Invalidate	Allow a user to invalidate a Work Schedule.

- In order to Invalidate a work Schedule and for the Invalidate button to appear the work schedules can't be in a draft and submitted state

Invalidate Copy New Version Instructions Validate Audit Print

- Invalided work schedules have been added to the list page
